

Knowledge Dissemination and the Management Reports

Information about staff involved in the project: -

Publications and participation to meetings: -

Meetings:

1. 3rd GA and Scientific Workshop, Palma de Mallorca 17-20 November 2008
– participants: Prof. Dr. Marian-Traian Gomoiu and Dan Secrieru
In the General Assembly, both participants participated in the discussions related to workpackages

During the Scientific Workshop Prof. Dr. Marian-Traian Gomoiu presented the poster "Preliminary Data on the Ecological State of the Romanian Black Sea Sector – Results of the 2008 Spring and Fall R/V Mare Nigrum Cruises. Authors: M.-T. Gomoiu, D. Secrieru, Tatiana Begun, I. Caraus, D. Vasiliu, Luminita Lazar, A. Teaca, S. Balan, Priscila Opreanu, Mihaela Muresan and Fl. Timofte.

2. Intercalibration Workshop, Athens 1-2 July, 2009

– participants: Dan Secrieru and Sorin Balan

The GeoEcoMar representatives participated in the discussions, stressing out the difficulties encountered in uploading metadata and data into the Sesame database. Hte discussions with the other participants helped to clarify most of these problems.

3. 4th General Assembly and 2nd Scientific Workshop, 9-12 November, 2009

– participants: Prof. Dr. Marian-Traian Gomoiu and Dan Secrieru

The GeoEcoMar representatives will participate in all discussions related to GeoEcoMar activities and will present the paper "Ecological changes and variability in the Western Black Sea ecosystems under the Danube" based on data obtained during and after the two GeoEcoMar cruises on the Romanian Black Sea shelf.

PhD theses related to Sesame Project:

1. Title: Contributions to the assessment of zooplanktonic populations from the Black Sea Romanian waters

Student's Name: Florin Timofte

Scientific Coordinator: Prof. Dr. Marian-Traian Gomoiu

2. Title: Contributions to the knowledge of carbon, nitrogen and phosphorus biogeochemical cycles in the Romanian marine coastal waters

Student's Name: Luminita Lazar

Scientific Coordinator: Prof. Dr. Marian-Traian Gomoiu
