

## PARTNERSHIP

ITALY

BARI POLYTECHNIC (LEAD PARTNER)

UNIVERSUS CSEI - TRAINING AND INNOVATION  
UNIVERSITY CONSORTIUM - BARI

BARI PORT AUTHORITY - BARI

BULGARIA

NATIONAL INSTITUTE OF METEOROLOGY AND  
HYDROLOGY - BULGARIAN ACADEMY  
OF SCIENCES - SOFIA

BULGARIAN PORTS INFRASTRUCTURE COMPANY - SOFIA

GREECE

PATRAS SCIENCE PARK S.A. - PATRAS

ROMANIA

NATIONAL INSTITUTE OF MARINE GEOLOGY AND  
GEOECOLOG - GeoEcolmar - BUCHAREST

ALBANIA

POLYTECHNIC UNIVERSITY OF TIRANA - TIRANA

DURRES PORT AUTHORITY - DURRES

MONTENEGRO

INSTITUTE OF MARINE BIOLOGY - KOTOR

PORT OF BAR N.C. - BAR

## OBSERVERS

Ministry of Infrastructure and Transport  
(Corridor 8 Secretariat), ITALY

Igoumenitsa Port Authority S.A., GREECE

Ministry of Public Works, Transportation  
and Telecommunication, ALBANIA

National Company "Maritime Ports  
Administration" S.A., Constanta, ROMANIA

Romanian Naval Authority, ROMANIA

Patras Port Authority S.A., GREECE

## THE ECOPORTS PROJECT

Through a strong & tight Partnership involving Port Authorities, Universities, Research Organizations & the participation of Observers' bodies that monitor impartially its activities, the project ECOPORTS focuses on the definition of appropriate standards & methodologies for sustainable management of port areas, which is its primary goal. The Ecoport 8 network provides guidance, directives & sustainable applications & develops new tools and methodologies for environmental management of port areas. The partners' joint scientific work & the active participation of a good number of interested bodies within the SEE area lead to the creation of a platform for the exchange of information & experiences, particularly useful for the development of effective & workable solutions to environmental challenges.
